CAFOD

Share the Journey. Inspired by Pope Francis' special concern for migrants and refugees, we are all invited to join the Share the Journey campaign and a) call on governments to agree on two global 'compacts', b) sign a petition to the Prime Minister - see display board. Additionally - in solidarity with people forced to flee - parishioners are invited to undertake a parish group walk (about 1.5 miles) on Sunday 22nd July after the 11A.M. Mass. We shall start and finish at the church. Alternatively parishioners may undertake their own walk: e.g. to church (instead of using car), in local park, a pilgrimage...whatever works for you. Then tell us and we shall add your miles to a national grand total, which will be used to encourage world leaders to step up in support of refugees and migrants worldwide too. Further details from Justice and Peace Team.

Recycling Donate jewellery, currencies and coins, stamps, mobile phones and gadgets, satnavs, digital camera, iPods, MP3s, video cameras, etc. See box in the social room.

Power to be campaign The UK's representative at the World Bank, Melanie Robinson said: "It's great to see so many people in England and Wales supporting efforts to bring power to people without access to electricity and I was pleased to understand more about CAFOD's Power to be campaign. Making sure everyone has access to electricity is essential for helping the world's poorest communities to develop and I look forward to continuing to discuss the importance of this with colleagues at the World Bank

Safe carwash app

Safe Car Wash App: The campaign 'Safe Car Wash App' was launched by the Church of England and the Catholic Church in England and Wales amid growing concerns that some of the estimated 18,000 hand car washes operating around the country are exploiting workers. The app lets drivers punch in their location when arriving at a car wash then flick through a series of slavery indicators such as whether the car wash only accepts cash, evidence of workers living on site or whether the workers seem fearful. If the answers indicate a high likelihood of slavery, users will be directed to a modern slavery helpline. You can download the app for Android and Apple phones. <https://www.theclewerinitiative.org/safecarwash/>
